

The First Ever Oracle Hyperion Essbase and Smart View 11 Books Now Available

Books to Premiere at COLLABORATE 09

ORLANDO, FL, May, 4, 2009 - interRel Consulting is proudly releasing two new books as part of their #1 selling Hyperion book series, *Look Smarter Than You Are With Hyperion Essbase*. The first books ever released on the newest Oracle Fusion Edition 11 version, [Look Smarter Than You Are with Essbase 11: An Administrator's Guide](#) and [Look Smarter Than You Are With Smart View and Essbase 11: An End User's Guide](#) will be officially unveiled at the COLLABORATE 09 conference (sponsored by three major Oracle User Groups) in Orlando, Florida held May 3-7. The foreword was written by the distinguished John Kopcke, Oracle Corporation's (ORCL) Senior Vice President of BI and EPM.

Offering our loyal reading public the opportunity to stay ahead of the curve, these books were released in reaction to the wide number of companies moving to Oracle Fusion Edition 11. We wanted to not only update our last book, *Look Smarter Than You Are With Essbase System 9*, but also include a plethora of new content. [Look Smarter Than You Are with Essbase 11: An Administrator's Guide](#) contains over 300 new pages of content with an remarkably large portion devoted to ASO (Aggregate Storage Option). Our second new release, [Look Smarter Than You Are With Smart View and Essbase 11: An End User's Guide](#), guides you through the innovative features available in Smart View 11, including Smart Slices and Report Designer. This book is not only for Essbase users but also useful for those accessing Hyperion Financial Management, Planning, OBIEE and more. Since the majority of people using Smart View have Essbase, we chose Essbase for the exercises in our book.

Where to Purchase

Currently, the only place to purchase these books is directly through our publisher at [Lulu.com](#) (search for keyword Essbase). They will be available on [Amazon.com](#) in 6-10 weeks. If you are attending the [Collaborate 09](#) or [ODTUG Kaleidoscope](#) conferences, the books will also be available for sale at our booths. There will be book signings with the authors of the book, Edward Roske and Tracy McMullen, at the Collaborate Bookstore from 12:45-1:30PM on Wednesday, May 6.

About interRel Consulting

Founded in 1997 to implement Hyperion and Essbase, interRel Consulting develops Oracle EPM/BI solutions on time, under budget and with total attention to quality. Recent awards interRel has won include Oracle's first ever 2008 Titan Award for "EPM Solution" of the year, Oracle Titan honorable mention for "Manufacturing Industry Solution" of the year, and an Oracle Excellence award alongside their client, Pearson Education. interRel has recently been cited by Inc. Magazine as being one of the fastest growing companies in America in 2008. For more information, please visit [www.interrel.com](#).

About COLLABORATE 09: Technology and Applications Forum for the Oracle Community

Collaborate 2009, created by and for users, offers attendees the opportunity to interact with other users, revolutionary technology experts and Oracle strategists to gain insightful and crucial information to give companies a fighting chance to survive these tough economic times. Collaborate incorporates three user groups: the Independent Oracle Users Group (IOUG), the Oracle Applications Users Group (OAUG) and Quest International Users Group (Quest). These user groups leverage their collective strengths to host the leading technology and applications forum for the Oracle community. COLLABORATE 09 is designed to help users of the full family of Oracle business applications and database technologies gain greater value from their Oracle investments. Representation at COLLABORATE 09 will include Oracle users, solution providers, consultants, developers and representatives from Oracle Corporation. Don't miss your chance to talk with industry leaders and gain the answers to all the questions you've been accumulating over the course of the year.
