

interRel Is One of the Fastest Growing Companies in America Two Years Running

ORACLE OPENWORLD, San Francisco, CA – October 13, 2009 – Inc. magazine has named interRel Consulting, a back-to-back honoree, as one of the 5000 fastest-growing private companies in the country in its annual rankings in what has come to be known as the “Inc. 5000.” The list is the most comprehensive look at the most important segment of the economy – America’s independent-minded entrepreneurs. Taken as a whole, these companies represent the backbone of the U.S. economy. In addition, interRel was also ranked in the Top 100 fastest growing businesses in Dallas & Ft. Worth, Texas.

“Savvy trend spotters and those who invest in private companies know that the Inc. 5000 is the best place to find out about young companies that are achieving success through a wide variety of unprecedented business models, as well as older private companies that are still expanding at an impressive rate,” said Inc. 5000 project manager Jim Melloan. “That’s why our list is so eagerly anticipated every year.”

The 2009 Inc. 5000 serves as a unique report card on the U.S. economy. Despite the ongoing recession, aggregate revenue among the companies on the list actually increased to \$214 billion, up \$29 billion from last year, with a median three-year growth rate of 126 percent. The Inc. 5000 are responsible for creating more than 1 million jobs since their founding, making the list perhaps the best example of the impact private, fast-growing companies can have on the economy. Complete results of the Inc. 5000, including company profiles and a list of the fastest-growing companies can be found at www.inc5000.com.

“We were elated to make the Inc 5000 list in 2008, 11 years after we opened our doors for business. To make this list again in 2009 is truly remarkable. We feel privileged to have been recognized again in 2009 as one of America’s fastest growing companies,” said Edward Roske, CEO, interRel Consulting. “A significant contributing factor of our continued growth is repeat client engagements. Our number one goal is striving for 100% satisfaction and in turn, our clients know that not only are they working with the leading edge Oracle EPM consulting company who prides itself on staying ahead of the learning curve, they are going to get insight into the future directions of Oracle Hyperion products. Being an Oracle ACE Director along with Tracy McMullen, our Director of Special Projects, allows us to gain access to strategic information regarding the direction of the Hyperion and Oracle EPM products.”

Gwen Coyle, President of interRel Consulting, added, “Our employees are what make this accomplishment possible. Their unwavering dedication, experience, and determination to deliver the perfect solution to our customers while investing countless hours have been the decisive factor in our continuous success.”

About interRel Consulting

Founded in 1997, interRel Consulting develops Oracle EPM and Hyperion solutions on time, under budget and with total attention to quality. interRel provides implementation consulting, on-site & classroom training, web-based & phone support, and infrastructure consulting to clients ranging from the Global 500 to mid-size companies as well. Home to two Oracle ACE Directors and an Oracle ACE, interRel also publishes several books on Hyperion under the “Look Smarter Than You Are” series. Winners of Oracle’s 2008 and 2009 Titan Awards for “EPM Solution” of the year, interRel has also been cited by Inc. Magazine in 2008 and 2009 as being one of the fastest growing companies in America.
